STYLE PORTFOLIO

About

I am **Debra Bernales**

Honed by a decade of experience in the fashion industry, Deb is an enthusiast of 'effortlessly-chic' fashion. She believes that taste is instinctive and that true mastery of style demands minimal effort. In her youth, she was exposed to the arts by her mother by attending international design competitions and exhibits.

She has a wide range of expertise in the craft. She started styling in 2006 for various print magazines for Summit Media and Hinge Inquirer Publications. She later ventured unto TV production and its industry, styling for many notable local celebrities on primetime shows at ABS-CBN in the metro.

Often dubbed as a "rebel", she isn't afraid to explore and experiment when it comes to fashion. Innovation and creativity is her signature on every project that she engages in which results to a vibrant, energetic and fun work activity.

Her credo is: "Clothes shape people...and by dressing good, you're already visibly charismatic and halfway to being the best version of yourself. It ostensibly boosts your identity and self-image so you can be who you want to be."

Styling and Costume Design

Style is an expression of who you are and personal style is equivalent to one's personality trait. It speaks volumes of a person's character. On film, character styling is a way to convey a message to the audience.
